Hi Mai,

I'll plan to look at this tomorrow – I'm wondering about the next sentence about time limitation as well. I should probably review the whole thing (haven't done that yet).

Thanks, Kimi

Thank you Kimi. I propose updating the highlighted sentence in comment xiv that Douglas referred to –I was wondering if you could please confirm the accuracy before I make the change.

Hi Kimi: after reviewing both of these documents, it appears you/Mai have done a good job incorporating references to the ESA BA and permit mitigation measures in the CEA draft responses.

Otherwise, I think Omar and I are ready for you to review our updated ESA responses.

Hi Douglas,

Just forwarding this info along. I'm working on a different project today and most of tomorrow but should be able to turn to the DB EJ and ESA docs later this week.

Thanks, Kimi

FYI—here are clean versions of the documents that have been added to the revised CEA and will be added to the larger RTC document on SP with all the topics.

Thank you for all your feedback on the wildlife comments. Kimi-as we had previously mentioned, we

Please let me know if I missed anything or if you have further questions and/or would like to further discuss. If not, I'll go ahead and incorporate them into the larger CEA RTC, and then subsequently, the larger RTC doc.

Thanks!
